

Applied Materials Announces Cash Dividend

June 10, 2025

SANTA CLARA, Calif., June 10, 2025 (GLOBE NEWSWIRE) -- Applied Materials, Inc. today announced that its Board of Directors has approved a quarterly cash dividend of \$0.46 per share payable on the company's common stock. The dividend is payable on Sept. 11, 2025 to shareholders of record as of Aug. 21, 2025.

The cash dividend is a key component of Applied's capital allocation strategy. In March 2025, Applied announced a 15-percent increase in the quarterly dividend per share, from \$0.40 to \$0.46, marking eight consecutive years of dividend increases. Over the past 10 fiscal years through 2024, the company has increased its dividend per share at a compound annual growth rate of approximately 15 percent and distributed nearly 90 percent of free cash flow to shareholders.

In the second quarter of fiscal 2025, Applied distributed nearly \$2.0 billion to shareholders through dividends and share repurchases. The company had approximately \$15.9 billion remaining in its share repurchase authorization at the end of the period.
